2. These requirements are [REDACTED] spaces less than our Fiscal Year 1952 Authorization approved by the Assistant Secretary of Defense, 12 December 1951, and [REDACTED] spaces less than our 1953 estimated submitted 28 February 1952, for budgetary planning purposes. Attached tabulation indicates the increase or decrease by office as compared with the 1952 Authorization. 25X9

3. In preparing personnel requirements forecasts, operating divisions were instructed to consider our capability to absorb personnel, so that valid requirements would not be overstated. The attached strength status shows that the projected 1953 requirements call for an increase of [REDACTED] military personnel on board within the next fourteen (14) months, excluding replacements.

4. Attached is a letter for submission to the Secretary of Defense. Some detail to support the figures is included as requested by Mrs. Rosenberg.
